Summary

Curious technology professional skilled in Product, Program, and Project Management. Experience working across distributed, international teams and fast-moving environments with incomplete information. Passion for digital tools and global platforms, customer feedback, and cross-functional collaboration. Enjoy translating ambiguous user needs into scalable product decisions. Daily user of AI tools with a strong focus on AI product quality, usability, and human-centered design.

Career Snapshot for Lab

AI Quality & HITL: Improved AI edge-case coverage, image output quality, and bias reduction (TMF)
Cross-Functional: Led distributed team across 5 regions, bridging stakeholders within a US-style startup (Pool)
Discovery & Design: Modernized legacy UX, turning user pain points into actionable MVPs and roadmaps (CitiBank)
0→1 Scaled Execution: Expanded SaaS integration from 1 to 12 countries, cut implementation time by 75% (Amex)
Program Execution: Orchestrated multi-country migrations for 300,000+ users, accelerating deployments (CitiBank)
Data-Informed: Owned roadmap for a global \$4B business using analytics and client feedback to drive ROI (Amex)
Customer Advocacy: Designed a feedback triage process to accelerate resolution of critical user friction (CitiBank)

Skills

Daily AI toolkit: Gemini, ChatGPT, Claude, Perplexity, AI-assisted research and prototyping workflows
Emerging Tech: AI product design, prompt tooling, AI ethics & bias evaluation, digital adoption tools
Global Experience: Distributed teams, asynchronous communication, lived in 5 countries (TW, MY, US, CN, JP)
Methods & Tools: Agile Scrum, Kanban, SAFe, Kaizen, Design Thinking, 0→1 product and 0→100 development
Product & Delivery: APIs, platform architecture, user journeys, features, GTM strategy, training and enablement
Research & Design: CX, UX/UI for web and mobile apps, user research, A/B testing, competitive market analysis
Data & Analytics: Platform analytics, financial trend tracking, driving actionable insights from client feedback

Experience

AI & Emerging Tech, Self-Employed | Aug 2024 – Present

AI Data & Curator, The Middle Frame | Mar 2026 – Present

- Curate culturally accurate MENA photo datasets for AI training within a custom CMS
- Create multilingual annotations (English/Arabic) to **improve model quality, reduce bias**, and strengthen edge-case representation

Product Manager, Pool | Apr 2025 – Jul 2025

- Defined target audiences and prioritized features for a Web3 crypto funds management platform
- Coordinated distributed team of **7 builders across 5 regions and a 15 hour-spread** for product execution

AI & Emerging Tech Researcher, Emerging Tech Sabbatical | Aug 2024 – Feb 2026

- **Won \$1,500 USD AI bias bounty** (Humane Intelligence) for disability-focused, inclusive product design
- **Secured \$1,000 USD government grant** (Ministry of Digital Affairs) to research AI trends in Taiwan
- Selected for competitive programs in ethical AI (All Tech Is Human) and decentralized finance (SheFi)
- Additional activities: Featured speaker for LTUX Taipei; learned Mandarin Chinese (A2 proficiency)

CitiBank | Mar 2022 – Jul 2024

Senior Product Manager, Global Digital Platforms & Data Services | Jan 2024 – Jul 2024

Product Manager, Global Digital Platforms & Data Services | Mar 2022 – Dec 2023

- Managed product strategy for a financial platform serving **350,000 unique active users with 4.2M monthly logins across 26 languages and 350+ countries** and/or jurisdictions
- Led **cross-functional product discovery and UX modernization**, reimagining legacy platform architecture, redesigning critical user journeys, and simplifying the navigation system from 700 menu items to 250+
- Directed a **complex, multilingual platform migration affecting 300,000+ users**: coordinated enterprise technology deployment, new UX standards, and training for global service, enablement, and sales teams
- Championed an enterprise **Agile transformation across 6 Agile Release Trains**: identified systemic process gaps and introduced operational improvements to accelerate coordination and decision-making
- **Saved \$1.1M USD in annual budget** by identifying and eliminating underperforming legacy technology
- Secured \$400,000 investment to expand a strategic analytics vendor relationship (WalkMe), implementing enterprise-wide behavioral analytics and a new SaaS deployment
- Designed a **structured, global customer feedback triage** process, recruiting 25 stakeholders for a "test-and-learn" pilot to accelerate the escalation and resolution of critical user friction; averaged 25+ tickets per day

American Express | Nov 2016 – Mar 2022

Senior Product Manager, Global Commercial Payments | Aug 2021 – Mar 2022

Product Manager, Global Commercial Payments | Aug 2018 – Jul 2021

- Owned Corporate Meeting Card roadmap for annual **\$4B USD global line of business (30+ markets)**; leveraged analytics, competitive insights, and client feedback to drive prioritization
- **Drove \$200M growth in 18 months** while balancing product enhancements and maintenance needs
- **Secured \$2B investment**, aligning across 3 internal and 2 external business units, for the Amex-Cvent virtual payments solution to scale international footprint and double product capabilities
- Protected **\$1M in charge card spend for 70+ Fortune 1000 clients** by negotiating a 3-year global contract renewal and advocating for a robust product enhancement informed by client feedback
- Scaled the virtual payments integration **from 1 to 12 countries within 2 years**, reducing implementation times from 9 to 2 months

Product Owner, Digital Customer Acquisition | Nov 2016 – Aug 2018

- Managed end-to-end product lifecycle: product launches, legacy technology migrations, scrum ceremonies, mapping requirements, backlog grooming, prioritization, and issue resolution
- **Reduced build time 12→6 weeks** for Hilton Honors corporate card launch; **delivered 2 weeks early** while serving as both Product Owner and Product Manager
- Streamlined the 3 largest card product launches (Amazon Small Business, American Express Blue Business Plus, Hilton Honors Business) by **surfacing and documenting previously unknown processes**
- **Built alignment across 7 conflicted internal stakeholder groups**, converting reluctant partners into active collaborators; teams began to accept meeting invites and freely share their technical knowledge

Immigration Advocates Network / ProBono.net | Aug 2015 – Nov 2016

Associate Product Owner

- **Filled operational and product gaps** across Product Ownership, Project Management, UX, Scrum, and Business Analysis to keep launches moving in a fast-changing environment.
- **Provided Level 3 tech support for 11,000+ users and 30 partner orgs** with issue resolution (5-7 tickets per week)
- Worked within a globally distributed team (6 time zones and 3 countries: USA, South Africa, India)

Pixelly Design | Jan 2000 – Dec 2015 (Adhoc)

Art Director & UX Designer

- Provided UX design and brand strategy to clients across 5 countries: USA, Canada, Malaysia, China, India
- **Won 11 professional creative awards** in regional and international design competitions
- First place winner (\$30,000 USD seed funding) at Startup Weekend Saratoga

Education & Recognition

Bachelor of Fine Arts (BFA) | University of ██████████ USA

Graduated with Academic Honors | GPA: 3.6

- 2025 | Humane Intelligence: **product design winner** for AI disability bias tech bounty (\$1,500 USD)
- 2025 | Ladies that UX Taipei: **featured speaker** for 10 year anniversary conference
- 2025 | SheFi: **scholarship recipient** for Season 13
- 2024 | Taiwanese Ministry of Digital Affairs: Digital Economy **program grant** for AI research (\$1,000 USD)
- 2024 | AllTechIsHuman: chosen for Ethical AI & Responsible Tech **mentorship program**
- 2023 | Yunus & Youth / OneYoungWorld: Social Impact **mentor and leadership scholarship** (\$15,000 USD)
- 2022 | Product School: **featured speaker** for World Pride day
- 2018 | Big Apple Scrum Day / NYC Scrum User Group: co-organizer, event planner, **community builder**
- 2017 | Webby Awards: **Winner for Best Law Site** (Immi) & Finalist for Best Law Site (Citizenshipworks)
- 2013 | Startup Weekend Saratoga: **First place winner** (\$30,000 USD)
